

Kaitlyn Townsend

Kaitlyn began the WIOA Program in January 2018. She is a single mother of 1 child, Kylee. When she began the program Kaitlyn found herself recently separated and going through a divorce while unemployed. Knowing that she had to begin a career so that she could provide for herself and child, she began working with the WIOA program.

She has since completed The Dynamic Futures Course where she gained the skills and confidence to get back into the job market. She is finishing up her Work Experience position at Holdenville General Hospital where she began in housekeeping. She has been offered a On the Job Training Position with the hospital with the potential to move from housekeeping to the clerical side once she gains the education needed for that position.

Kaitlyn will begin her Medical Office Administration Training through Medcerts by May 31, 2018. She will gain credentials in both Medical Office administration and Medical Billing and Coding, once this is complete she will be able to utilize these skills to secure a higher paying position so that she can be on the road to self-sufficiency. Kaitlyn is driven to complete all of the goals that she has set for herself so that she can provide the best life possible for her and her child.
